Depot Sirens to be Activated for Wednesday Drill

BLUE GRASS ARMY DEPOT, Ky. The Chemical Stockpile Emergency Preparedness Program (CSEPP) sirens located on Blue Grass Army Depot will be activated Wednesday morning (19 May) as part of a quarterly drill. These sirens may be heard by residents living nearby the Depot.

The sirens will sound Westminster Chimes, the sounds normally played during siren tests and drills.

Blue Grass Chemical Activity and the Madison County Emergency Management Agency conduct drills quarterly to ensure that all emergency plans are coordinated and first responders are prepared to provide maximum safety to the community.
